The “Base 8” UAN Reports

- These reports can be requested or accessed on a regular basis as part of the review cycle such as before the first meeting each month.
- Be consistent in any comparison; i.e. month to month, quarter to quarter, year to year or within period context i.e. a month as a part of a year.
- Review for both expected and unplanned events.
  - Expected Events. Events already planned such as the monthly insurance payment, the property tax receipt from the county, etc.
  - Unplanned Events. You ran out of salt and need to get more, getting the flat tire fixed on the police car, etc.
Report Access
Multi-user/Multi-role Functionality

• What does this mean?
• Management can have access to UAN and be limited to only view reports.
• The Fiscal Officer can set up separate users with separate roles such as 'reports only' so that you can have access on an "as desired" basis.
• Requires access to the UAN Computer and/or High-speed Internet access for the UAN Computer.
• All transactions are tracked in UAN and also tracked to individual users.
